

PALLET AND MOVER BANDS

Pallet and Mover bands are manufactured from high quality natural crepe rubber offering high tensile strength, elongation and memory! The bands are manufactured to international standards in various customizable colours with surface finish of ribbed, smooth and non-slip surface version in a range of widths and customizable flat length options.

KEY ADVANTAGES:

- High tensile strength, elongation and memory of Natural rubber for the best performing bands in the market.
- Re-usable multiple times saving consumable costs.
- Works on multiple pallet and load configurations offering flexibility.
- Easy installation and removal guarantees high productivity.
- Environmentally friendly reducing tape and stretch film waste.
- Avoids messy moisture trapping of stretch film.
- Ideal for air circulation for quicker cooling or freezing.
- Custom logo / name is offered on request.

Product Application
